Choose the time and mode that's right for your business.

Getting your shipments delivered quickly is important to your customers and colleagues. But getting them there quickly and cost-effectively is essential to your business. That's why DHL Express offers you a wide choice of delivery times and modes of transport.

Whether a mission-critical shipment to your field service engineer or a planned replenishment service to your customer, DHL Express offers door-to-door delivery solutions to meet your needs.

Our SameDay, TimeDefinite and DayDefinite services are backed by the largest international air and ground network and experienced staff in more than 220 countries and territories. And our state-of-the-art IT systems ensure high delivery efficiency and give you complete shipment trackability.

With the best geographic coverage in the business, DHL Express can help your business break into new markets, giving you the ability to meet demand quickly but with minimal investment and logistics costs. Or we can simply help you keep your customers and colleagues happy with fast, reliable delivery.

The DHL Express network connects more than 4,000 branches and 120,000 destinations around the globe.
